FOR REFORM**

THE TRUTH ABOUT HEALTH REFORM

It's time to show the insurance lobbyists that no smear campaign can match the power of millions of regular citizens who are ready for change and committed to the truth.

Congress must understand that if they pass reform, their constituents will know the truth about what we've finally achieved.

UNDER THE PRESIDENT'S PLAN FOR REFORM:

- If you have health insurance through your employer and you like your plan, you can keep it
- If you're a small business owner, you'll receive new tax credits that make it easier for you to provide coverage for employees if you choose to do so
- If you have Medicare, the President's plan guarantees that your benefits will not be cut, and the Medicare Trust Fund will be extended for more than 9 years
- If you're uninsured, you could receive a tax credit to help pay for coverage if needed — part of the largest middle class tax cut for health care in history
- Even if you currently have health insurance, there will be new protections from insurance company abuses, and tax credits will make coverage more affordable

THE PRESIDENT'S PLAN GUARANTEES THAT:

- You will never be denied coverage because of pre-existing conditions
- You will never again be hit with arbitrary health insurance premium hikes

IF WE DO NOT PASS REFORM:

- Up to 17 million more people will be uninsured by 2019
- Insurers can continue their massive and arbitrary premium rate increases — such as Anthem Blue Cross raising rates for customers in California by nearly 40%, and rates in Illinois going up by as much as 60%
- As many as 275,000 people could die prematurely over the next 10 years because they don't have health insurance
- The average family's health care costs will nearly double by 2020, from \$13,000 to \$24,000
